5394	Structure Paste Fine (75/500 ml)

## Art Acrylic

Art Acrylic is an environmental friendly, high quality acrylic colour with high light fastness and an excellent painting consistency.

Art Acrylic is a perfect colour for the amateur as well as the professional artist who demands quality at a reasonable price.

Art Acrylic is viscid and very economical in use. It is so viscid that it can be painted with a painting knife without using mediums.

Combine Art Acrylic with eg. Base (for lighter shades), Gel Retarder (extends the drying time), gesso (primer), Varnish or Structure Paste.

Art Acrylic is available in 75 ml tubes or 250 or 500 ml pots with practical combination lid. (Metal- and fluorescent colours not available in 500 ml pots).
